THIS IS MOLLY

This is Molly the black dog beside the girl brushing Molly's fur she does not look happy well I guess after this she will be even sadder.

Everything about Molly. Molly is a basset hound who loves food and cuddles but not getting brushed by her sister Evelyn. Molly has been around for a long time now but she has never had a terrible day in her life until today.

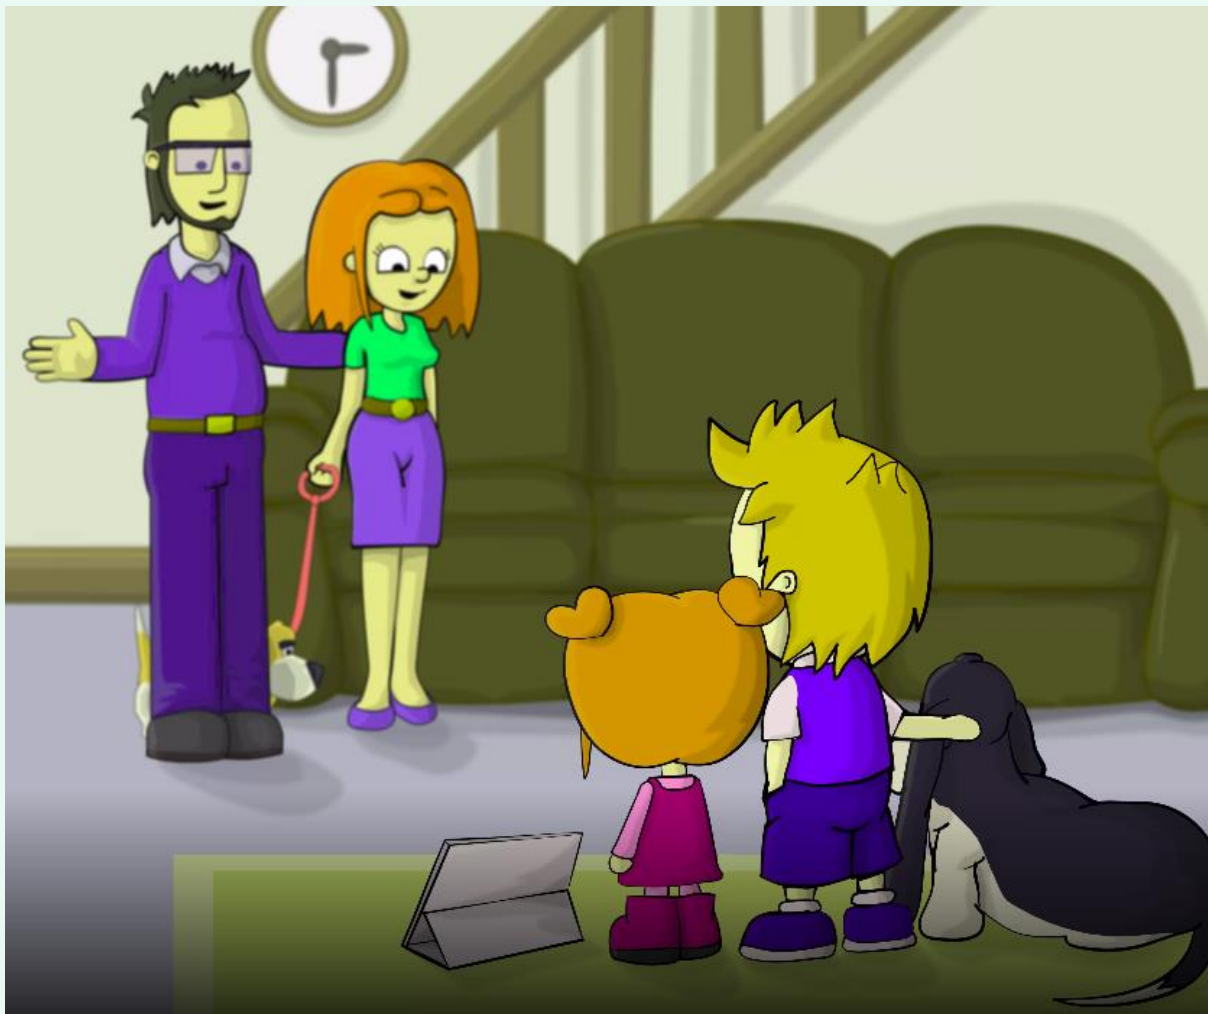

Chapter 2

The big Change

It seemed like a normal day I was telling Evelyn not to brush my hair
And Josh was making glitch do insane things, but where were our parents?
“Ding dong.”

The doorbell rang and my parents came in with a suspicious figure hidden
behind their backs I wondered who it was and I soon found who it was.

It was a small puppy called Maz, the second I saw her I felt
bad things coming my way. So once my parents stopped
talking, I immediately said “take it back”. I did not think it
through.

Josh and Evelyn bent down to give Maz a scratch but she just ignored them and went to me and started tugging my ear I was not happy.

Chapter 3

Molly's Plan

I Molly new that I could not let Maz ruin my life so I had to stop her so I got the box that has my super smart potion in it, a stick with some sting on it and tickets to Tasmania and then I stated my plan. First I put the tickets on the box then I carefully balanced the box on the stick and waited for Maz to go under the box and finale she did and I tugged the rope and trapped Maz and when I was about to send her off to Tasmania Josh and Evelyn came and they both said “what’s

going on her” again I quickly shouted “I was taking Maz to Tasmania” and again I did not think it through.

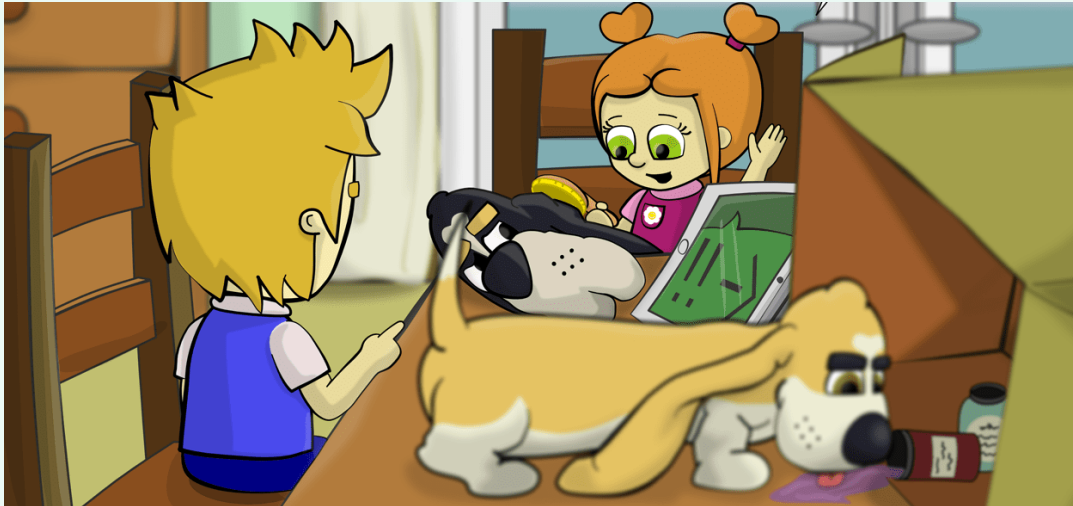

I then said “it’s better if Maz wasn’t her” just after that Josh said in a very mad voice “we are not sending Maz to Tasmania” “why not” I said “she is your sister” shouted Josh sounding madder “she better not be” I mumbled “we are keeping Maz” said Josh “can she still be in the box” I begged “YES” Josh said. Well that plan did not work but at least Maz is contained in a box now.

Chapter 4

Smarts Not SUPER

Three Weeks later it turns out that there was still some super smart potion left in the box and now Maz is super smart which is treble, she is all ways stopping my plans.

What's even worse is that Josh and Evelyn do not know that she is smart because Maz does not talk in front of them but in front of me.

She is really annoying me.

Chapter 5

The Even Bigger Change
